<b>Vienna 60"</b>	Hi 36,000 Lo 23,000	30,500 21,500	5" & 8"	32.56"	36.5"	60.00"	61.25"	18.18"	18.5"	15.30"	56.71"

## FEATURES

- Double Glass & Screen Free
- Available in Sizes: 40", 50" and 60"
- Up to 36,000 BTU on high & 18,000 BTU on low
- All Wood Framing
- No Concrete Board Required
- Able to Finish with Combustible Around the Fireplace
- No Technician Required for Cleaning Inside Glass
- Simple Technician, Easy Maintenance
- NG & LP Available

### No Limitations

#### The Technology

- All Contained within the fireplace
- No Gaps
- No Louvres
- No Heat Dump
- Wood and Drywall – Combustibles Okay
- Quick and Simple Installation. No technician required for cleaning inside the glass

#### No Gap

With a lot of fireplaces, they need to create an escape for the heat to vent out. To do this they leave a gap at the top of the fireplace wall to create a crown to hide the opening. A gap is not necessary.

#### No Intake or Exhaust Louvres

Your wall will not have any intake or exhaust louvres to break up the look.

#### No Heat Dump

There are no vents required behind the wall of the fireplace to dump the built up heat.

#### Combustibles Okay

Everything is contained within the firebox. Able to finish with combustibles around the fireplace. No special concrete board or metal studs

## HEAT SHIELD

Now you can enjoy:

#### Clear View: Double wall glass technology

Clear View has done away with the need for distractive safety screens. The double shield glass, protects hands from burning, while you can enjoy uncompromised views of your stunning fireplace.

#### Warm Glass System: Safety touch glass

The Warm Glass System, skillfully brings the temperature of the glass down below the stringent standard of 172 degree, while still allowing radiant heat to efficiently heat your room.

#### Easy Clean: No technician required

With the easy maintenance glass removal system, you won't need a service technician to come and clean our fireplace viewing glass area.
