

# 120V STRIPLIGHT LUX

The EnVision LUX 120V driverless striplight outperforms the standard 120V striplights in the market with the integration of copper wiring for increased stability and a 10MM thick motherboard for better heat dissipation. The LUX striplight is available in rolls of 100 feet and is cuttable every 19 inches. Use the striplight to illuminate indoor accents and outdoor landscaping.

**Applications:** **Product Information:**

- Undercabinet
- Overcabinet
- Tree Lighting
- Pole Lighting
- Increase energy savings
- Suitable for wet locations
- Dimmable: Down to 5% with most dimmers including: Lutron Diva and Skylark Series
- Custom lengths available
- Accessories: 18"/36"/72" Power Cord Set, 6"/12" Jumper, 90 Degree Jumper, Mounting Straps
