IAQ③

☀ Filtration

⚛ Purification

☼ UV Inactivation

DUST FREE®
BREATHE THE DIFFERENCE.

Designed to meet

IAQ③
THE INDOOR AIR QUALITY STRATEGY

✳ FILTRATION
Reduce dust, pollen, mold, and dander, as air circulates through your central air system.

⚛ PURIFICATION
Active air purification using next generation technologies to reduce or inactivate indoor air pollutants such as odors, VOCs, and bacteria.[1]

☼ UV INACTIVATION
When professionally installed, UV-C light can inactivate specific, targeted bacteria where the UV-C light shines.[2]

phillips.stocksy.com/1580178

the full spectrum of indoor air quality demands.

✴ **DUST FREE MAC-13**	⚛ **DUST FREE ACTIVE**	☀ **LIGHTSTICK PLUS**
✴ **DUST FREE MAC-11**	⚛ **DUST FREE CARBON**	☀ **LIGHTSTICK, MINISTICK, VERSALIGHT, ULTRA-FLEX, 4XTREME, XL**
✴ **ELECTROSTATIC AIR FILTERS**		☀ **NOMAD, NOMAD 2**

The IAQ³ platform integrates three levels of air quality products, each increasing the overall air quality of the space. The result is a dynamic air quality management strategy that provides an IAQ solution, custom-tailored to your specific needs.

The platform is the ultimate solution for indoor air quality. Each product works together to build a comprehensive filtration system, purification process and UV inactivation technology that will make indoor environment healthier by delivering high-quality filtered breathing air with less dust entomology concerns or allergies from pollen counts.

Dust Free® Active
UV-C light/ionization whole home air purification

Code	Description	Qty
89230	Active Air Purifier, 6"	6
89231	Active Air Purifier, 12"	6

FEATURES

• Dual active air purification technologies

• Reduces particulate matter by improving the performance of your existing filtration system using millions of charged ions

• Innovative carbon fiber brushes increase ion production

• Effective against odors, VOC's, and inactivates virus in the air

• Expanded range ballast for increased electrical reliability

• Auxiliary power port to power an additional 24V Germicidal UV-C light allowing to easily add an additional UV light to any HVAC system

• Warranty: 7-yr power supply; 4-yr core; 2-yr lamp

APPLICATION • The Dust Free Active Air purifier's unique, dual technologies target air quality problems at the source using germicidal UV-C and ionization systems to clean the air in your home. The UV-C light and ionization provide the comprehensive IAQ solution. Laboratory tests have also proven that the Dust Free Active can reduce airborne bacteria.

RECOMMENDED FOR • HVAC systems • Whole home air purification • Reducing dust, dander, VOC's, odors and other allergens

Dust Free® Carbon

Carbon/UV-C light whole home air purification

Code	Description	Qty
89224	Carbon Air Purifier, 14"	6

FEATURES

- Proprietary Carbon/UV-C Light multistage technology
- Reduces Formaldehyde
- Ozone-free
- Auxiliary power port to power an additional 24V Germicidal UV-C light allowing to easily add an additional UV light to any HVAC system
- Highest quality construction
- Compact
- Warranty: 7-yr limited; 2-yr on core

APPLICATION • Dust Free's new carbon technology is one of the industry's leading duct-mounted air purification processes that effectively reduces VOC's and Formaldehyde that can exist in indoor air.

RECOMMENDED FOR • HVAC systems • Whole home air purification • Reducing VOC's, dosing mold and mildew on HVAC cooling coils

Dust Free® Lightstick®
Germicidal UV lights

Code	Description	Qty
89262	Lightstick UV light (9,000 hours lamp life)	6
89263	Lightstick Plus UV light (18,000 hours lamp life)	6

APPLICATION • The Dust Free Lightstick series, Lightstick and Lightstick Plus, have been redesigned from the ground up using the highest quality components. The series' professionally engineered injection molded thermoplastic co-polymer high strength ballast design and comprehensive HALT testing provide improved reliability. The Lightstick and Lightstick Plus utilize low mercury lamps that are better for the environment and provide high ambient temperature operation.

RECOMMENDED FOR • Any residential HVAC system • Works with your air filter 24/7 to disinfect cooling coils, drain pans, and duct surfaces

FEATURES

- Inactivates SARS CoV-2, bacteria, and mold on surfaces where the light shines when professionally installed[2]
- Expanded range ballast operates over a range of 20V to 32V and offers 3000V surge protection
- Direct Connect™ custom design allows lamp to be installed directly in A-coil delta plate for optimal UV exposure
- Professionally engineered injection molded thermoplastic co-polymer high-strength power supply
- Highest UVC output compared to other 24V UV fixtures
- Warranty:
  Lightstick - 4-yr limited; 1-yr lamp
  Lightstick Plus - 7-yr limited; 2-yr lamp

Bio-Fighter® 4Xtreme
Commercial UV light

Code	Description	Qty
89079	Bio-Fighter 4Xtreme Roof Top 21in	6
89080	Bio-Fighter 4Xtreme Roof Top 33in	6
89081	Bio-Fighter 4Xtreme Roof Top 45in	6

APPLICATION • Whether it is Mother Nature or a splash of coil cleaner, the Bio-Fighter 4Xtreme rooftop UV-C fixture, equipped with a UL listed NEMA 4X interlocked enclosure, can handle the harshest of HVAC environments.

RECOMMENDED FOR • Commercial HVAC systems • Indoor and outdoor applications • Rooftop AHU applications

ETL
Intertek
2002554

FEATURES

- NEMA 4X rated housing protects internal components against moisture and corrosion
- Suitable for extreme indoor/ outdoor applications
- Large T6 HO lamps are custom designed with cathode rings to maximize UV-C power and efficiency
- Tilt-lamp feature increases the amount of UV-C dosage into water located in the drain pan
- Cover interlock ensures user safety by preventing unit operation while cover is open
- Warranty: 3-yr limited; 1-yr lamp

Bio-Fighter® Ultra-Flex

Residential UV light

Code	Description	Qty
89136	Bio-Fighter Ultra-Flex 14in, Single lamp, 1S14 (1SUF14)	6
89137	Bio-Fighter Ultra-Flex 16in, Single lamp, 1S16 (1SUF16)	6
89138	Bio-Fighter Ultra-Flex 14in, Dual lamp, 2S14 (2SUF14)	6
89139	Bio-Fighter Ultra-Flex 16in, Dual lamp, 2S16 (2SUF16)	6

APPLICATION • The Bio-Fighter Ultra-Flex offers a tremendously flexible platform for HVAC UV-C applications. Multi-input voltage, remote mount lamp capability, and multiple lamp lengths allow for a bespoke UV-C solution.

RECOMMENDED FOR • Residential HVAC systems • Can be mounted anywhere in the HVAC system or duct work • Dual lamp units are recommended for A-coil and return air applications

ETL Intertek 2002554

FEATURES

• Adaptive electronic ballast senses input voltage and automatically adjusts for 120V to 240V power

• Extra long 6-ft lamp cables with moisture boot seals lamp connections against moisture in high humidity environments

• User-friendly slide-clip lamp retention system makes bulb replacement easier

• Air handler viewport makes it easy to monitor lamp operation in every application

• Stainless steel remote-lamp housing protects lamp connection assembly from accidental damage

• External fuse and lighted On/Off switch for easy and safe operation

• Warranty: 5-yr limited; 1-yr lamp

Bio-Fighter® VersaLight

High-output UV light

Code	Description	Qty
89075	Bio-Fighter VersaLight 16in, Single lamp, 1SVL16	6
89076	Bio-Fighter VersaLight 16in, Dual lamp, 2SVL16	6
89077	Bio-Fighter VersaLight 20in, Single lamp, 1SVL20	6
89078	Bio-Fighter VersaLight 20in, Dual lamp, 2SVL20	6

APPLICATION • The VersaLight provides the installing contractor with a patent pending, remote-mounted lamp capability that allows placement of one, or two, of the HO lamps anywhere within 6 feet of the VersaLight's chassis. This remote feature, coupled with the VersaLight's multi-input voltage power supply that can handle 120V to 240V, makes the VersaLight the "One size fits All" UV-C fixture.

RECOMMENDED FOR • HVAC systems • Can be mounted anywhere in the HVAC system or ductwork • Single lamp is suitable for slab coil applications 3 tons or less, and 1200 CFM or less • Dual lamp units are recommended for A-coil and return air applications

ETL Intertek 2002554

FEATURES

• Single or dual remote-mount capability allows flexibility in unit location and application

• Smart ballast technology senses input voltage and automatically adjusts for 120V to 240V power

• Moisture boot seals lamp connections against moisture in high humidity environments

• Custom designed HO lamps offer greater durability while emitting higher levels of disinfecting UV-C light

• Lighted On/Off switch and external fuse are conveniently located

• Warranty: 3-yr limited; 1-yr lamp

Bio-Fighter® Nomad

Code	Description	Qty
89278	Bio-Fighter Nomad 9D	6
89279	Bio-Fighter Nomad II 9D	6
89280	Bio-Fighter Nomad II 16D	6

Intertek 2002554

FEATURES

- All-in-One chassis design
- High-output H-tube germicidal lamp design provides high intensity UV-C output in a compact package
- Auto-sensing input voltage automatically adjusts for 120V or 240V power
- Air handler viewport makes it easy to monitor lamp operation in every application
- Optional remote safety interlock installs on a nearby air handler access panel or door to prevent operation when air handler is being serviced
- Available in single or dual bulb configurations
- Warranty: 5-yr limited; 1-yr lamp

APPLICATION • Surface mounted UV-C applications demand installation flexibility and the Bio-Fighter Nomad delivers one of the most flexible chassis designs available.

RECOMMENDED FOR • Residential HVAC systems • Installs virtually anywhere, in or on HVAC system

Dust Free® Duality®

Code	Description	Qty
89097	Duality UV	16
89096	Duality Replacement LED array	25

FEATURES

- Dual UV LED arrays
- Dual UV spectrums, UV-A and UV-C irradiation
- Dual sanitizing options, VOC filter and UV coil scrubbing
- Dual input voltage, 120VAC or 230VAC
- Zero ozone emissions
- Easy installation; Hassel-free setup with universal compatibility for ductless systems
- Easy clip-on airflow sensor automatically and proactively powers unit on/off
- Durable 3M adhesives fit every installation need
- EMC and LVD tested and qualified for safe indoor applications
- Warranty: 5-yr limited

APPLICATION • Designed to fit and function in compact areas of HVAC components • Germicidal ultraviolet (UVGI) helps inactivate viruses and bacteria on damp surfaces ensuring the optimal efficiency of HVAC systems • Combines UV-C light and photocatalytic oxidation to neutralize odors and volatile organic compounds (VOCs)

RECOMMENDED FOR • Ductless mini-split systems • Areas where space is a premium

89098	Bio-Fighter XL-45in, 230v	6
89099	Bio-Fighter XL-61in, 230v	6

APPLICATION · Large commercial coils require large UV-C fixtures to maximize surface area coverage efficiently. The Bio-Fighter XL is uniquely qualified for extra-large applications with lamp lengths up to five feet and a class-leading reflector surface area to cost effectively apply a high dose of UV-C energy.

RECOMMENDED FOR · Commercial HVAC systems · Large commercial cooling coils · Large applications with extra long lamp lengths

ETL
Intertek
2002554

FEATURES

- Extra long lamps to maximize exposure over large commercial cooling coils
- New magnetic mounting makes installation quicker than ever.
- Highly polished aluminum reflector focuses more UV-C light toward coil
- Large T6 lamps are custom designed with cathode rings to maximize UV-C power and efficiency
- Multiple conduit locations on chassis allow for flexible installations
- Warranty: 3-yr limited; 1-yr lamp

COIL-CURE™

EPA APPROVED DISINFECTANT
AND COATING

Pre-UV 2-step clean & coat process, enhancing IAQ protection.
Clean ①

Coat ②

Coil-Cure cleans and disinfects evaporator coils.
Coil-Cure AM protects against mold, mildew and microbial odor.
Coil-Cure AM helps aluminum coils perform like copper coils.

Action videos and full details @ rectorseal.com/coilcure

Coronavirus Disease 2019 (COVID-19) is caused by SARS-CoV-2. Coil-Cure, Evaporator Coil Cleaner and Disinfectant, EPA Reg. No. 44446-23-51219, kills similar viruses and therefore can be used against SARS-CoV-2 when used in accordance with the directions for use against Canine Parvovirus on hard, non-porous surfaces. Refer to the CDC website at https://www.cdc.gov/coronavirus/index.html for additional information.

Contact: RectorSeal®   P 713-263-8001 | 800-231-3345   F 713-263-7577 | 800-441-0051   W rectorseal.com

Coil-Cure™

Strong disinfectant, self-rinsing coil cleaner

Code	Description	Qty
11070	18 oz. Aerosol	12

FEATURES

- EPA registered
- Disinfects against Canine Parvovirus
- Disinfects against Legionella pneumophila
- Effective via AOAC methodology against a wide variety of organisms
- Controls mold and mildew
- Cleans & deodorizes - No rinsing required
- Cuts grease and grime without scrubbing

APPLICATION • Non-abrasive, one-step disinfectant cleaner designed specifically for HVAC equipment in homes, nursing homes, institutions, offices, schools, motels and hotels.

RECOMMENDED FOR
• Disinfecting and cleaning A/C evaporator coils • HVAC Catchpans • Floors • Walls • Table tops

Coil-Cure has been added to the EPA list N as an EPA registered disinfectant with emerging viral pathogens AND human coronavirus claims for use against SARS-CoV-2.

EPA Reg. No. 44446-23-51219

3YR LIMITED WARRANTY

Coil-Cure™ AM

Spray-applied antimicrobial coil coating

Code	Description	Qty
72001	12 oz. aerosol can	6

FEATURES

- **UV resistant; Enhance IAQ protection with Dust Free UV inactivation solutions after the 2-step clean & coat process**
- Powered by Agion, an EPA registered compound
- Protects from mold and mildew caused by fungal growth
- Prevents microbial odor development on floors and ceilings
- Extends equipment life
- Specifically formulated to resist mildew growth and associated deterioration, staining and discoloration caused by mildew on coated surfaces
- POP packaged

A hybrid polymeric aerosol antimicrobial coating designed for high performance in HVAC environments, protecting expensive equipment from mold, fungus and bacterial growth.

APPLICATION
• Hybrid polymeric aerosol antimicrobial coating designed for high performance in HVAC environments, protecting expensive equipment from mold, fungus and bacterial growth • Colorless (clear) and can be applied over GulfCoat corrosion protection coatings • Embedded with Agion®, is UV resistant (UVA and AVB) and is a one-part solution • Antimicrobial properties become active when moisture is present and conditions are ideal for bacterial growth, leads to long-lasting performance

RECOMMENDED FOR
• HVAC tubing, internal components and cabinet walls • Hospitals, schools and anywhere else bacteria, mold and fungi are a concern

3YR LIMITED WARRANTY

89206	MERV 13 Repl Filter, non-carbon filter, 20 x 25 x 4.375	10

APPLICATION • Dust Free's Media Air Cleaners utilize a best in class MERV 13 filter that traps 100 times more airborne particles than traditional disposable fiberglass filters. Not only is it effective in reducing airborne household dust, mold spores, pollen, and other allergens, the ASHRAE 52.2 tested MERV 13 media allows adequate air flow for high SEER HVAC equipment.

RECOMMENDED FOR • HVAC systems • All forced warm air furnaces and cooling systems up to 5 tons • Trapping household dust, pollen, and other allergens

FEATURES

- MERV 13 filter
- Sized for air handlers and furnaces
- Quick filter media replacement
- Two-stage filter seal on cabinet door
- Available with carbon filters
- Minimal air leakage design
- Effective in trapping household dust, pollen, and other allergens 100 times more effective than traditional filter media
- Provide the best balance between sub-micron filtration and air flow
- Lowest pressure drop MERV 13 filter at 0.24" w.c.
- Warranty: Limited lifetime on cabinet only

Dust Free® MERV 11

Media air cleaner for indoor air improvement

Code	Description	Qty

89218	MERV 11 Repl Filter, 20 x 25 x 4.375 (for MAC-2025 & 2522)	10

APPLICATION • Dust Free's MERV 11 Media Air Cleaner is a lower cost alternative to the Dust Free MERV 13 Media Air Cleaner. The MERV 11 Media Air Cleaner retains the same gasketed door and a high efficiency MERV 11 filter cartridge tested to ASHRAE 52.2 standards.

RECOMMENDED FOR • HVAC systems • All forced warm air furnaces and cooling systems up to 5 tons • Reducing household dust, pollen, and other allergens

FEATURES

• MERV 11 filter
• Sized for air handlers and furnaces
• Quick filter media replacement
• Two-stage filter seal on cabinet door
• Minimal air leakage design
• Effective in reducing household dust, pollen, and other allergens 100 times more effective than traditional filter media
• Warranty: Limited lifetime on cabinet only

Permanent Air Filters
A lifetime of cleaner air in your home.

The wise investment of a Permanent Air Filter for your home can protect it from everyday pollutants like dust and pollen.

Dust Free filters use multiple layers with electrostatically-charged filtration media that capture these particles as well as any other harmful particulates in the air around you!

The Dust Free permanent air filter uses self-charging electrostatic filtration media to reduce indoor air pollutants as the air circulates through the HVAC system. Regular cleaning with water and household detergent will keep them operating at peak efficiency for a lifetime.

FEATURES

- Made in the USA with precise manufacturing techniques and attention to detail
- Drain holes allow water to drain quickly for faster drying after cleaning
- Available in multiple standard sizes in 1" or 2" frames
- Custom and adjustable sizes available
- High-strength extruded aluminum frame
- Pull tabs for easy removal for maintenance
- Durable construction for even the most powerful HVAC systems
- Multiple filtration layers
- Patented configuration alternate polarity, self-charging layers of media

Dust Fighter 90

High performance electrostatic air filter

By trapping large dusts, pollens, molds, and animal dander as air circulates through the filter, the Dust Fighter 90 electrostatic air filter helps reduce your exposure to these allergens.

- 90% Peak Arrestance
- 89% Average Arrestance
- .12" Initial Resistance at 1200 CFM
- 85 grams Dust Holding Capacity at .5" w.g.
- 125 grams Dust Holding Capacity at 1" w.g

Allergy Gold®

Washable & reusable electrostatic air filter

The Allergy Gold is engineered to capture large airborne pollen, mold spores, and house dust while allowing adequate air flow for today's high SEER equipment. The Allergy Gold is 100% washable and reusable, so it is good for the outdoor environment too.

- 90% Peak Arrestance
- 89% Average Arrestance
- .12" Initial Resistance at 1200 CFM
- 85 grams Dust Holding Capacity at .5" w.g.
- 125 grams Dust Holding Capacity at 1" w.g.

MAXAire® Gold
Low air resistance electrostatic air filter

Today's high efficiency heat pumps and air conditioners require proper air flow. Without proper air flow, systems become inefficient, or in some cases may require major repairs. Consequently, electrostatic air filters must have arrestance to keep dust and other pollutants from accumulating on the coils and in the air. The MAXAire Gold electrostatic air filter has this special combination. It provides high arrestance at an industry leading 0.08" initial resistance.

• 81% Peak Arrestance
• 78% Average Arrestance
• .08" Initial Resistance at 1200 CFM
• 140 grams Dust Holding Capacity at .5" w.g.
• 170 grams Dust Holding Capacity at 1" w.g.

The first MERV 8 reusable pleated filter, EnviroGREEN 8 Pleat combines the high efficiency filtration of the throw-a-way type pleated filter, with the environmental consciousness of a permanent, washable type air filter. Its reusable, washable pleated filter means you will not need to throw another filter into your local land fill for 5 years.

The anodized aluminum frame is guaranteed for life and is designed for easy, "no tools" access to the reusable V-Clean filter media.

FEATURES

- First reusable, washable, MERV 8 pleated filter
- .17" w.g. Initial Resistance
- 100% Recyclable
- Lifetime anodized aluminum frame
- Proprietary asymmetrical "V-Clean" filter core technology is made from completely recyclable materials
- "No tools required" frame design allows for quick removal of the proprietary V-Clean filter core for deep cleaning
- Custom sizes up to 600 square inches
- Warranty: 5-yr limited on filter core

RECTORSEAL

A CSW Industrials Company

HVAC DIVISION

RectorSeal provides industry-leading digital and print support materials for its extensive chemical and mechanical solutions that include:

- Technical Product Information
- Marketing Support Materials
- Engaging Product Demonstration Videos
- Informative SDS and Product Data Sheets
- On-demand and Live Training and Webinars
- Learning Management System (LMS) support via RectorSeal Academy
- Informative Distributor and Sales Representative Tools
- Industry-related Tradeshow and Events Information
