PRODUCT DATA SHEET

FALCON BIG RED™

Gas hose for movable gas appliances

Description

BIG RED movable gas connectors are designed specifically for use with stationary and caster-mounted equipment. Constructed of 304 braided stainless steel with a red PVC coating and chrome plated brass fittings. The connectors are flexible and easy to install, allowing for quick and easy repositioning of appliances for regular cleaning and repair.

NSF listed PVC sleeve provides an extra layer of protection against damage to the gas connector from abrasion, cuts, or impact. This added layer of protection also allows for easy cleaning of the connector when dirty. In addition, our movable gas connectors feature 360 degree rotational fittings, which allow for greater flexibility and ease of installation.

Application

PVC coated flexible braided stainless steel tube for connecting gas supply lines to gas appliances.

- 1/2 Maximum PSI
- For indoor use only, not recommended in temperatures below 32°F

Recommended Use

- Movable commercial gas appliances
- Stationary commercial gas appliances

Characteristics | Features

- NSF listed PVC sleeve
- 360° sealed rotational fittings
- Chrome plated brass fitting
- Braided stainless steel design for flexibility
- 100% leak tested

Pending official NSF and CSA Multiple listings.

Approvals

- Complies to ANSI Z21.69 / CSA 6.16
- NSF 51 listed PVC sleeve
- ICC listed, tested & certified
- UPC, IRC, IFGC compliant
